

ASSEMBLY BILL

No. 2988

Introduced by Assembly Member Feuer

February 22, 2008

An act to amend Section 21065 of the Public Resources Code, relating to environmental quality.

LEGISLATIVE COUNSEL'S DIGEST

AB 2988, as introduced, Feuer. Environmental quality.

The California Environmental Quality Act requires the lead public agency, as defined, after the conduct of an initial study, to prepare a negative declaration or an environmental impact report for a proposed project. The act defines “project” for purposes of these provisions.

This bill would make technical, nonsubstantive changes in the definition of “project.”

State-mandated local program: no.
